

## BARBECUE IS BOOST FOR BRYAN

### Ohio's Greatest Attorney General for a Gen- eration Refuses to be Party to Affair

## HE DECLINES TO SPEAK

### Bryan Talks for More Than Two Hours—Opposes Candidacy of Judson Harmon for President.

Columbus, Aug. 15.—Presumably it was not the original purpose of the Jefferson Club barbecue at Olentangy Park to turn the affair into a Bryan boost for the presidency, although he was on the program as the principal speaker of the occasion. But that Bryan took advantage of the opportunity and turned it to his own advantage seems evident.

Bryan spoke for two hours and twenty minutes, and evidently took advantage of the absence of Judson Harmon, for he made plain his unalterable opposition to the presidential candidacy of Ohio's Governor. And he had a crowd of boosters that roared and cheered at each turn he made. But an unexpected incident occurred in the refusal of Attorney General F. S. Hogan to speak, because of Mr. Bryan's treatment of Governor Harmon.

Resenting the utterances of Mr. Bryan that indicated that he was fighting Governor Harmon, Mr. Hogan, Ohio's greatest attorney general for a generation, refused to speak at the night meeting, which was scheduled to follow the feast of burgo.

His declaration of his stand on the subject created surprise among politicians and consternation among Jefferson Club supporters. Harmon supporters rejoiced.

Club officials tried to get Mr. Hogan on the telephone while Mr. Bryan was speaking, but they were told his refusal was final and would not be reconsidered. Mr. Hogan explained the whole affair in an interview, in which he deplored Mr. Bryan's attitude. He said:

"I do not want any misunderstanding to arise between me and the people of this state. I have always been a supporter of the principles of Mr. Bryan, and personally I admire him. But I think Governor Harmon's taxation laws and his work in establishing a tax commission which is putting taxes on an honest basis of 100 cents on the dollar for rich and poor alike, is the greatest and most economic advancement ever made in this country. My heart and soul are with Governor Harmon in his taxation policies, and in everything he has urged for the cutting down of public expense, and I could not honestly refrain from letting people know about it.

"I accepted the invitation to speak at the celebration because I supposed it was to have been held for the honor and glory of the Democratic party, and not for the advancement of any faction.

"I was well aware of Mr. Bryan's opposition to Governor Harmon, but I did not suppose that he would carry it up to a speech delivered at the capital of the state of which Mr. Harmon is governor. I knew he would speak of his opposition, and in fairness I notified the officers of the Jefferson Club that I would in the course of my remarks, speak of the taxation reforms of Governor Harmon.

"At the same time I intended to give due credit to Mr. Bryan. He has advocated great principles, and while he has not been personally placed in a position where he could carry them out, he is the man who caused them to find their way into the hearts and minds of the people of the United States, so that others have been forced to put into practice some of the very things which they opposed in Mr. Bryan.

"I wish to urge that he be given credit for these accomplishments, because his initiative brought them about. But the officers of the club made it plain that they did not approve of my intention to refer to Governor Harmon favorably, and I understood at once that, instead of a political meeting, the barbecue was to be a factional demonstration against the man I intend to support with my last breath so long as he adheres to the principles which he has always advocated as a public official.

"The officers of the club changed the time of my address several times, arranging finally that I should speak in the evening, after Mr. Bryan had left the city. I had not wished to do

## TARIFF ISSUE AS IT WILL CONFRONT REPUBLICANS IN 1912, SAYS PARTY LEADER

Washington, Aug. 15.—During the Senate debate on the cotton bill, Mr. Cummins, (Rep.) of Iowa, speaking on the amendment which he proposes to offer reducing the duties on iron and steel, declared that the question of the next campaign would be, "Are we to have protection for the manufacturer and free trade for the farmer?" He declared the Republican party would have to answer that question to the country.

"The great fight in the coming national convention," he predicted, "will not be over a candidate, but over the platform as to what protection is."

Mr. Cummins made light of the Tariff Board, declaring that he "could prove by evidence far superior to the conclusions of any Tariff Board or any outside investigating body, that the reductions he proposed in the iron and steel schedule of the tariff law were reasonable."

Senator Dixon of Montana, expressed the opinion that the Republican party would not be able to write another tariff law which the people would accept, granting protection to one part of the nation and placing the other part on a free trade basis.

## MR. BRYAN CRITICISES PRES. TAFT

Cincinnati, Aug. 15.—Wm. J. Bryan while here today attacked President Taft for his expected veto of the Arizona-New Mexico statehood bill, because of the recall feature of the Arizona constitution. "A veto will be the height of folly," said Bryan, "the statehood bill provides that the people must vote on the recall at the first election. It leaves them free to retain it or cut it out. That is all the president has any reason to ask. Oregon now has the recall and any state in the union can adopt it. If it is cut out entirely Arizona can reinstate it as soon as statehood is given her. The president is wasting energy when he is making such a fuss over a provision which the people are at liberty to add at any time."

## HOUSE PASSES THE WOOL TARIFF BILL

Washington, D. C., Aug. 15.—The house yesterday by a vote of 206 to 99 without a Democrat breaking the party alignment, adopted the conference report on the wool tariff revision bill and rushed it over to the senate, where it was hung up on the calendar for passage, probably today.

Twenty-nine Republicans and one independent Republican voted for it. For this measure, which imposes a flat ad valorem duty of 29 per cent on all raw wools, with corresponding reduced rates on woolen manufactures, the other two tariff measures will be sidetracked to give wool the right of way to the White House for the expected veto. On the veto depends the further program of the house Democrats and senate Democrats and progressive Republicans, including the formulation of plans for a speedy adjournment.

Democratic Leader Underwood of the house, in expressing the opinion today that final adjournment will not come before next week, said he does not expect Congress to stay after the pending bills have been disposed of unless "the senate determines to stay and act on the cotton bill."

## COMMITTEE RAPS PRES. TAFT AGAIN

Washington, Aug. 15.—Direct opposition to the attitude taken by President Taft was manifested in a report of the senate foreign relations committee, made public this afternoon, explaining its action in recommending amendments to the Anglo-American and French-American arbitration treaties.

"To take from the senate in any degree or by any means the power of saying whether a given question is one for arbitration or not, is to destroy the power of the senate, the most important point to be decided in connection with differences arising with any other nation," says the report. The committee recommends to the senate for its approval the enlarged scope of the arbitration measure proposed, but it declines to admit that the destruction of the constitutional powers of the senate is necessary to the promotion of peace and arbitration.

## POPE PIUS IS MUCH BETTER

Rome, Aug. 15.—Pope Pius rested well last night and had a very comfortable day. The improvement is believed to be due to his removal to the large cool room where he is now resting.

The newspapers continue to publish absurd alarmist information. Yesterday the Vita announced that the pope's mind was unhinged and that he was suffering from persecution mania.

There is the highest authority for the statement that his holiness is really much better. The only unfavorable symptom is the cardiac weakness to which he has been subject for several years. This, of course, in conjunction with the great heat now prevailing, might cause a sudden collapse.

Reports from the United States that Archbishop James R. Quigley of Chicago was to be elevated to the cardinalate are wholly unfounded. The pope, it is asserted, has never considered holding a consistory for such a purpose.

## SOLDIERS FIRE INTO ANGRY MOB

Liverpool Riots Are More Serious and Bloodshed Follows

## RIOTERS FILL STREETS

## Fire Department Unable to Stop Blaze Started by Mob and Building Burns Down.

Liverpool, Eng., Aug. 15.—Continued fighting between the troops and organized mobs kept the lower districts in terror today. Five thousand soldiers are in service, clearing the streets, and early today they were forced to fire to disperse the mob.

An effort was made first to clear the streets by bayonet charges, but in the narrow streets the soldiers were helpless and at daylight, when the fighting was at its worst, the order to fire was given.

During a charge by the troops it was discovered that the offices of the Ship Owners Federation had been set on fire. The mob wedged themselves so tightly in the streets that firemen could not work and the building was destroyed.

Railroad employees are now predicting a general strike order and all freight handlers, teamsters and porters expect to be ordered out.

The worst trouble occurred in the great Henter section. Provision stores and bakeries and food shops and forced the proprietors to hand over their wares.

Several other fires of supposed incendiary origin were extinguished. Union Leader Tom Mann today declared that as a result of the lock-out 28,000 men are out on the docks and that unless the ship owners come to an agreement before night, all the freight handlers and teamsters here will be called out, adding 50,000 men to the ranks of the strikers.

Six soldiers and two policemen were injured in today's fighting. A number of rioters were struck down with batons and bayonets, and they were carried off by their comrades.

## STATEHOOD BILL VETOED BY TAFT

Washington, D. C., Aug. 15.—President Taft this afternoon sent to Congress his message vetoing the resolution admitting Arizona and New Mexico to statehood, basing his objection on the provision in the Arizona constitution making the judicial subject to the recall.

The president vigorously denounced this proposed system as "pernicious and destructive of free government."

"I return this bill without my approval," he said, "because it would deprive the territories of New Mexico and Arizona of their rights."

"If I sign this resolution I do not see how I can escape responsibility for the judicial recall of the Arizona constitution. This provision of the Arizona constitution in its application to county and state judges, seems to me so pernicious in its effect, so destructive of independence in the judiciary so likely subject the rights of the individual to the possible tyranny of popular majority and therefore to be so injurious to the cause of free government that I must disapprove a constitution containing it."

## WOULD HAVE UNIFORM LAW

Rep. Norris of Nebraska Urges President to Propose To Congress to Revise Marriage Laws.

Washington, Aug. 15.—A national protest against the contemplated wedding of Col. J. J. Astor and Miss Madeline Force culminated here today in the introduction of two resolutions in the house of representatives by Congressman Norris (Rep.) of Nebraska, the progressive leader, and Representative William S. Howard (Dem.) of Georgia, calling for a new code of laws to govern marriage and divorce in the various states. Both resolutions request the president to invite the governors of the various states to send delegates to a congress for the purpose of proposing to the state legislatures a uniform law on this subject.

## WOULD ADJOURN CONGRESS AUG. 22

Washington, D. C., Aug. 15.—Senator Penrose, representative of Pennsylvania, this afternoon introduced in the senate a concurrent resolution proposing the adjournment of the present session of Congress on August 22 at 2 p. m.

## HE KNEW GUN WAS LOADED

Cleveland, O., Aug. 15.—William Friel aged 12, was shot and killed yesterday afternoon by his fourteen-year-old playmate, Clifford Loucks.

The boys were playing Wild West at the Friel home when the shooting occurred.

In telling Marshal Stamberger of the shooting Loucks said he pulled the trigger of the revolver after Friel's refusal to throw up his hands.

Stamberger says Loucks told him he knew the revolver was loaded. Stamberger brought the boy to the County Jail, where it will be held pending further investigation of the shooting.

## Attempt To Rob Coshocton County Treasurer's Office

Coshocton, Aug. 15.—What is believed to have been an attempt at burglary in the county treasurer's office was nipped in the bud Saturday night when the thief was frightened away. Persons sitting in the court house park about 9 p. m. saw a man climb from a window of the treasurer's office and disappear in the darkness. A careful search of the building failed to disclose anything disturbed or missing. No trace of the man could be found. It is supposed he was frightened away. It is considered a bold attempt on account of the earliness of the hour, the streets being crowded.

## Accidental Death Will Be Verdict in Burt Offord Case

Zanesville, Aug. 15.—Practically everything has been done that can be done to learn the identity of the man responsible for the tragic death of Burt Offord last Thursday morning near Dillon Falls. Coroner Walter announced Monday evening that he had practically completed his inquiry and had no more witnesses to summon for investigation. However, the coroner has ten days in which to file his report and he will not file his finding until the expiration of that time, in the hope that the person responsible for Offord's death will reconsider the matter and confess.

In the event no new developments appear, the coroner said his report would read that "Offord came to his death from a gunshot wound inflicted by some unknown person." It is likely the grand jury will be called upon to investigate the case unless it is quickly brought to a close by the person who fired the fatal, but accidental, shot.

## TEN INJURED BY LIGHTNING

## Sought Refuge in Grand Stand at Cambridge Ball Park Monday Afternoon.

Cambridge, O., Aug. 15.—Ten persons were knocked senseless yesterday afternoon by a bolt of lightning which struck the grand stand at a ball park during a game here, and six of the victims are expected to be fatally injured. Those not expected to live are: Wm. B. Bratton, Dr. Walter Delhart, Will Uhlman, Walter and Kirk Braden and James Barker.

Three of the six were still unconscious late last night. Physicians say they probably will suffer paralysis if they recover.

Dr. Delhart, a prominent dentist, is paralyzed below the knees. He was one of the most seriously injured, although he was the only one to escape severe burns.

The storm came up during a game of ball between the Methodists and United Presbyterian Sunday schools in the City League. The members of the teams had taken refuge in the grand stand. The 10 who were injured could not find room in the stand itself, and sought refuge on the players' bench adjoining.

The lightning struck the wire netting on the stand and ran down to the bench, knocking the 10 occupants senseless.

A score or more in the stand were shocked and a panic followed, friends of the victims believing all of them to be dead.

## Wife Kills Self When Kneale Fails To Get Appointment

Painesville, O., Aug. 15.—Mrs. O. W. Kneale shot and killed herself at her home in Madison today, after it had been reported that Governor Harmon had reconsidered his appointment of her husband as superintendent of the state home for old soldiers in North Madison. The Woman's Relief Corps and the G. A. R. raised a protest when Kneale was named as superintendent of the home, charging that Kneale had not answered the call to arms during the civil war and had opposed the interests of the old soldiers in several instances.

## AIM WAS BAD; AX HIT REUBEN INSTEAD OF DOOR

Mrs. Reuben Coffman was brought before Mayor Ankele this morning charged with striking her husband with an ax. It developed that Reuben came in contact with the ax by chance, while his wife was attempting to break the door in. The incident occurred on August 8 on Shannon street.

Sheriff Stambaugh served a summons on Coffman the evening before and by mistake left the wrong papers. Coffman took advantage of the mistake and stayed up all night and packed his belongings and left orders to have them hauled out the next morning.

In the mean time Mrs. Coffman had discovered the preparations and repaired to the home with an ax, chopping in the door. During the proceedings her mother appeared on the scene and seized hold of the ax. Coffman, in turning his head came in contact with the blade. He then charged his wife with striking him with the ax. The case was dismissed by Mayor Ankele.

Chicago, Aug. 15.—Harry N. Atwood, "Aerial Hobo," was at the hangars in Grant Park early today with his mechanics, going over every wire and bolt on the Burgess-Wright bi-plane in which he is essaying the greatest aerial journey ever made—from St. Louis to Boston, by way of New York, a distance of nearly 2,000 miles.

## ATWOOD'S STORY.

Chicago, Aug. 15.—After he had dined and rested for a short time last night, Atwood announced the itinerary for Tuesday's flight eastward.

"After cutting across the south end of Lake Michigan," he said, "I will follow the Lake Shore railroad into Elkhart, Ind., where I expect to arrive at 6:30 o'clock Tuesday evening. I will spend the night at Elkhart, and will start from there for Toledo at 8:30 or 9 o'clock Wednesday morning. I expect to reach Toledo at 2:30 p. m. and will stop Wednesday night at Sandusky. I will leave Sandusky for Cleveland Thursday morning. I will spend Thursday night in Cleveland."

Atwood said that he was making this long distance flight as a preliminary to a flight from the Atlantic to the Pacific Coast.

"If all goes well on the way to New York and Boston," he said, "I will attempt the long flight across the continent. I see no reason why it should not be accomplished successfully."

During yesterday's trip Atwood carried a time table and at each station he would swoop down until he could read the name on the depot. Then he would consult his time table and in this manner know exactly his progress toward Chicago.

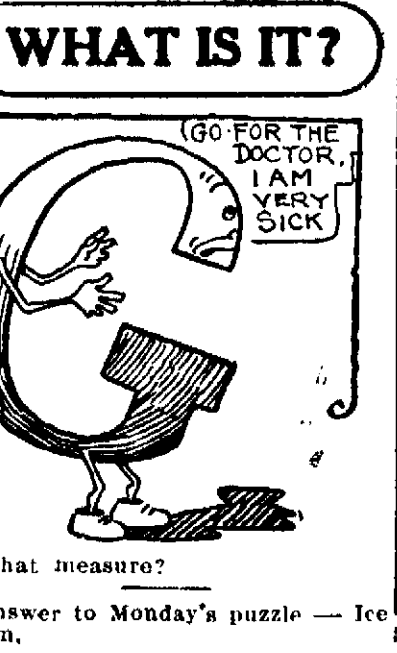

Chicago, Aug. 15.—By flying the 286 miles from St. Louis to Chicago with only two intermediate stops and in an actual flying time of 5 hours and 43 minutes yesterday, Harry N. Atwood of Boston believes he has set a pace which will result in his establishing a new record on his flight by aeroplane from St. Louis to New York and Boston.

Atwood, in a Burgess-Wright bi-plane, left St. Louis at 8:05 a. m. He landed in Chicago at 6:19 p. m. His total time between St. Louis and Chicago, counting the delays caused by two stops, was 10 hours and 11 minutes, but his actual time in the air, computed by deducting the delays, was 5 hours and 43 minutes. This, Atwood asserts, is 3 hours and 12 minutes less than the scheduled time for express trains for the same distance.

Atwood's descent into Chicago was thrilling. Sailing in from the (Continued on Page 8, Col. 2.)

## WANT ELECTION OF SEN. STREVENSON INVESTIGATED

Washington, Aug. 15.—The senate committee on contingent expenses today ordered a favorable report on the resolution for the investigation by the senate of the election of Senator Stevenson of Wisconsin. Following the report of the committee, the senate formally ordered the investigation. This is the second time the resolution has passed. The first vote Saturday was nullified, owing to a technical error.

NEWARK ANNEXES FIRST OF GRAND RAPIDS SERIES BY VERY NARROW MARGIN

Two More Long Ones Go Over the Fence—Core Pulls Off Star Fielding Stunts—Hale Gets Gilt-edged Support in the Pinches—Grads Big Hitters Off the Job When Most Needed—Final of Series Tomorrow.

TOMORROW'S GAMES. Grand Rapids at Newark. Wheeling at Zanesville. Dayton at Fort Wayne. Terre Haute at South Bend.

YESTERDAY'S RESULTS. Newark, 6; Grand Rapids, 5. Fort Wayne, 6; Dayton, 3. Wheeling, 6; Zanesville, 3. South Bend, 3; Terre Haute, 6.

Monday's game with Grand Rapids was a nerve-wrecking affair—anybody's victory till the last out. Newark's sluggers still had the smashing spirit. Dolly Gray rammed another long drive over the left field fence and trotted around the bases. Wickland poled one in the same direction which bounced over the fence and proved good for four bases. The big hitters on the visiting team had an off day and Pitcher Meyers was not able to keep the hits scattered. The visitors got eleven hits, while Newark secured only nine, but they were big, healthy drives, four going for extra bases. The locals saved a tie game by squeezing out of a tight place in the seventh.

Some sensational fielding was in evidence. Core, playing the left field position for Grand Rapids, caged three difficult drives in left, one near the foul line being pulled in after a beautiful run. Kelley made a marvelous one-handed catch of Kihm's pop in left field, almost tying himself in a knot. Murray got over in right field and squeezed Kroy's fly in the eighth, retiring the visitors scoreless in that inning.

The final score was 6 to 5. Taken altogether, the game was exceptional for absorbing interest. Hale, on the mound for Newark, although effective, showed signs of weakness in spots, which threatened a fusillade of hits. His support was perfect. The Newark lads played gilt-edged ball in the field, but Hale kept the fans on edge, outfield flies retiring the visitors twice with two men on bases. Four straight victories have fallen to the lot of Pendry and Gray, and two close games are to be expected to close the Grand Rapids series.

The scoring began in the first inning. Craven filed out to Wheeler. Murray drew a pass and stole second. Pendry whiffed. Wickland's fly bounced over the left field fence for a home run, scoring Murray. Gray got a base on balls and was thrown out in an attempt to steal second. In the second inning Newark added a tally. Parker singled to left and Martin hit safely. Hale dropped one in front of the plate and got a life when Koehler dropped Holmes. Holmes threw to force Martin. Parker scoring on the error. Hale was caught in an attempted steal and Craven flew out to Koehler.

In the third the visitors annexed their first one. Holmes doubled. Meyers fanned. Kroy hit to center, scoring Holmes. Schmick and Backwell were easy outs.

In the fourth both teams scored. Gray picked one out to his liking, boosted it over the left field fence and trotted clear around.

Core was hit by a pitched ball and advanced to second when Hale dilly-dallied with Koehler's roller and barely caught the latter at first. Martin caged Kelley's short fly. Wheeler singled. Holmes lifted an easy one to Pendry for the third out.

The sixth inning belonged to Grand Rapids from the start. Koehler was hit and stole a base. Kelley fouled out to Craven. Wheeler singled. Scoring Koehler and advanced on a wild pitch. Holmes struck out. Meyers singled, scoring Wheeler. Kroy hit safely and Schmick fanned.

In the seventh, the visitors came within a hair's breadth of winning the game. Barkwell breezed. Core walked. Koehler singled. Then came the great play. Kelley landed a screaming two-base hit in left field and "Midge" Craven made a long throw, cutting Core off at the plate. Wickland ended the session by spearing Wheeler's long fly to center.

The locals came right back with another in the eighth. With Pendry and Wickland out, Gray ripped off a two-sacker and scored on Kihm's single to center. Core elicited applause by connecting with Parker's foul.

In the ninth the visitors came one count closer and were bidding strongly for a victory when Gray caught Wheeler's deep drive with two men on. Parker hung onto Schmick's hot one. Barkwell got his second two-base hit and after Core grounded out to Murray, scored on Koehler's sin-

Fort Wayne, 6; Dayton, 3. Fort Wayne, Aug. 15.—Fort Wayne defeated Dayton, 6 to 3, by bunching hits in the first and fifth innings. Score: Fort Wayne, 6; Dayton, 3. Batteries—Alberts and Bailey; Oney and Sample.

Wheeling, 6; Zanesville, 3. Zanesville, Aug. 15.—Wheeling won from Zanesville by bunching hits in two innings. Score: Wheeling, 6; Zanesville, 3. Batteries—Doak and Murray; Jones and Raggsdale.

South Bend, 3; Terre Haute, 6. South Bend, Aug. 15.—South Bend celebrated its re-entry into the Central League yesterday by welcoming the transferred Evansville team, with a big crowd. South Bend put it over Terre Haute, 3 to 0. Score: South Bend, 3; Terre Haute, 6. Batteries—Withers and George O'Brien; Patterson and M. O'Brien.

PENDRY AND GRAY BAT BETTER THAN .300; JACK LEADS IN STOLEN BASES

Raggsdale, Zanesville's catcher who has been dubbed "beef trust" in almost every city that he has ever played, sure has some swing in his two powerful arms. During the past week he advanced six points, from .364 to .370, and continues to lead the Central League batters. Connolly, Zanesville's clever little outfielder, is running Raggsdale a good race and is but four points in the rear of the Potter backstopper. Connolly has now participated in seventy-two games and the more he plays the better he bats. Jimmy Wacker, Fort Wayne pitcher, is hitting .355 in twenty-one contests.

Deerfoot Spencer, Dayton's larruping outfielder, had another big week and by annexing eleven more hits to his big total boosted his average to .350. Young and Keener continue their consistent hitting but by driving the ball with much regularity during the past week Keener managed to best Young by one point. Blount is hitting at .305, while Eddie Justice has dropped two points, to .291. Byrnes, Evansville's big outfielder, had possibly the largest week among the Central League sluggers. He hit safely thirteen times during the week and advanced from .294 to .305.

Pendry Going Great. Little Jack Pendry, Newark's clever manager, stole six bases during the past week and boosted his total swipes to forty-one, a mark which places him well ahead of all of his rivals in this department of the play. Pendry got a poor start in regards to base stealing this spring but should be continue at his present clip he will pass Lejeune's mark of fifty-four steals with which big Larry led the league last season.

Brooklyn Buys Pitcher Miller. Atlanta, Ga., Aug. 15.—It was announced yesterday that Pitcher Walter Miller of the Atlanta club of the Southern League had been sold to the Brooklyn Nationals, which club he will join next season. The price was reported to be \$3000. Miller has been the most consistent winner on the local team this year.

Accused of Stealing. E. E. Chamberlain, of Clinton, Me., boldly accused Bucklen's Arica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from hemorrhoids, sprains and injuries of their torso," he says, "As a healing remedy its equal doesn't exist." Postpone Elimination Trials. New York, Aug. 15.—The elimination trials to choose three boats to meet the British challengers for the British international cup, have been postponed from Aug. 15, 17 and 19, to Aug. 30 and 31 and Sept. 1. The postponement was decided upon at a meeting, yesterday, of the Motor Boat Club of America.

After Dahlen's crew had scored nine runs, Boston came out of the rack and ran away from the field, the final score being 13 to 9.

The Senators started a little late to capture the American League flag, but they are playing ball these days like they are really in earnest. Old Zimmerman and Burke earned to get safe hits.

McLaughlin Was Champion. New York, Aug. 15.—Maurice E. McLaughlin of California won the New York state tennis championship yesterday, by defeating T. R. Pell, the national indoor champion, by 6-1, 6-8, 6-2 and 8-6. The defeated champion failed to offer effective resistance to McLaughlin, whose slight carelessness allowed Pell to take the second set. In the other matches, however, McLaughlin showed excellent form and his service, which was exceptionally long, proved strong and puzzling to Pell.

PLAN BOOSTERS' DAY IN ZANESVILLE

The Zanesville council of the United Commercial Travelers is planning a big "Boosters' Day" for Saturday, Aug. 26, when Newark is the attraction in that city. The boosters' committee is composed of W. S. Trace, chairman; Charles Dawson, P. J. Sprague, Fred Geiger, Jr., and "Doc" Weber. With each 50 or 60 cent ticket purchased for this game a chance will be given on the lot in Arlington place, which was given back to the baseball company by the U. C. T.'s and will be changed off to the game. An invitation will be extended to the Newark U. C. T.'s to join in the undertaking. The committee in charge is a live one, and nothing will be left undone to make this the greatest "Boosters' day" ever held here. Arrangements are being made to admit boys under 12 years of age free if they will turn out in the parade wearing a baseball suit and carrying a bat. Tickets will soon be on sale.

Fans at Zanesville Sore Over Sale Of Erv Wratten

Erve Wratten has left for Buffalo and Zanesville is now without the services of the classic third baseman in the Central, says the Times-Recorder. Thirteen hundred dollars was the price paid for him to the local management. There is a good deal of dissatisfaction among the fans as a result of the sale of Wratten, but the fact of the whole case is that the move had to be made to put the club on its feet in a financial way. Otherwise, the company would have been unable to meet Tuesday's pay roll. The deal sends Wratten to the Eastern league, a class A organization, so the bargain has benefited all concerned. It is planned to place Blake at third with either Dugger or Raddy at second. Buffalo now has two ex-Athletics on the payroll. Groh will be placed at short by Manager Stallings as soon as his lame ankle mends.

Rube Marquard, the "just arriving" youngster, twirled another of those remarkable games yesterday, defeating Alexander the Great, in a twelve inning imbroglio. Old Man Wiltsie, though in the second canto, managed to pull the chestnuts out of the fire without blistering his digits.

Rumor has it that Billy Murray, ousted for Ired Down as manager of the Phillies will take Clarke Griffith's thankless job of managing the Reds next season. Here's sympathy.

The Tigers fell no lower in the league standing for Cleotis had the world's champions eating out of his hand. He out-pitched and out-gamed Morgan, and Boston beat the Athletics by 2 to 1.

Pitcher Benz of the Des Moines Western league team will report to the White Sox in Chicago today. Announcement of his sale to Comiskey was made yesterday.

Misses Marguerite Platto of Newark and Martha Jones of Zanesville, the house guests of Mrs. C. J. Beach were complimented with an informal afternoon card party Friday, having Mrs. Beach as hostess at her home on North Broad street. Euchre was the game selected and at the close of the contest the favors were awarded. Miss Platto, first and Miss Jones, second. A delicious two-course luncheon was a pleasant feature of the afternoon.

The guests were: Miss Platto, Miss Jones, Miss Floy Shallenbarger, Miss Ethel Lee, Mrs. C. M. LeRue, Mrs. Paul Durant, Mrs. Irving Sinclair and Mrs. L. J. Gardner.—Lancaster Gazette.

Mr. and Mrs. F. O. Stiles of Foster avenue entertained at dinner Thursday evening at six o'clock complimentary to Miss Fannie Beal of Washington, Iowa, and Charles Harris of Newark. Covers were laid for nine guests and the evening was spent in a social manner.—Cambridge Jeffersonian.

The engagement has been announced of Miss Dorothy Irvine, daughter of Mr. and Mrs. E. C. Irvine, 869 Franklin avenue, to Dr. Fonsa Allen Lambere of Kenton. D. Lambert is professor of anatomy at Ohio State University.—Ohio State Journal.

Miss Irvine's engagement comes as a pleasant surprise to many Newark people, as she has visited here a number of times.

Every week now brings out new styles in the felt hats originally intended for mountain wear and as precursors of the fall modes. These light felt outing hats are almost universally becoming, and while always made in simple styles they boast a variety of trimmings. One of the newest ideas is to have a hat of white or cream faced for a couple of inches on the brim with a broad braid in black, white or color. The brim in a few instances is turned back flat against the crown to reveal this facing braid more plainly, and the braid then is twisted up to form an ornament on the crown as well.

The woman who desires a hat that will last well into the fall would do well to notice a new model in black velvet with a full crown. The only summery touch is the brim of white straw, and even this is faced with the black velvet. As fall approaches, the white straw might easily be concealed and an all-velvet hat evolved.

St. Luke's Commandery No. 34, Knights Templar, will have a mid-summer social at Moundbuilders' Park Monday evening, August 28. Cards and dancing will furnish the amusements of the evening and lunch will be served at ten o'clock.

A number of Columbus people are forming house parties at Buckeye Lake, the latter part of this month. Among them are the following:

Mr. E. S. DeLany of Ithaca, N. Y., is visiting his mother, Mrs. K. H. De Lany, and sister, Miss Mabel De Lany, 56 North Garfield avenue. The family will spend the week-end at Forest home, Buckeye Lake.

Mrs. D. L. Smith, 654 Oak street, with her son Roy and daughter Hazel, are at Fauntell cottage, Buckeye Lake, for a stay of 10 days.

Mr. and Mrs. A. E. Bazler, 225 West First avenue, Mr. and Mrs. S. J. Smith and daughter Verda, 1039 Hunter avenue, Columbus, Mr. Simon Harrel and family, Miss Cleo Hall, Mr. William Harrel and S. S. Valentine of Kingston, Ohio, and Mr. W. J. Hoover of Lima, Ohio, are enjoying a week's outing at Buckeye Lake.

On Saturday evening a pleasant surprise party was given Miss Mary Kinney at her home 221 South Pine street. The evening was spent in games and at 10 o'clock a delicious luncheon was served.

Those present were: Misses Ruth Daly, Goldie Lytle, Reda Gray, Dorothy Harris, Sylvia Howard, Stella Davis, Madura Howard, Mabel Kinney, Messrs. Walter De France, Edmond Bonham, Walter Kinney, Rudolph Schenk, Walter Blizard, Richard Padig, Ambrose McCarty, Harold Solinger, Howard Holtsberry, George Cochran.

Wednesday evening, August 16 at 7:30 o'clock, the L. C. B. A. will entertain with a social at the home of Mrs. T. Eagan in Buckingham street.

The girls at the Wehrle office gave a picnic last evening in honor of Miss Katie Schoplin at Moundbuilders' park. Every one had a most enjoyable time.

Honoring the birthday anniversary of Miss Mame Kerrigan, Miss Anna Flanigan was hostess to a pretty lawn party at her home on West Main

## DOCTORS ENDORSE

NEWBRO'S HERPICIDE.

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Dr. J. J. Boyd, Covington, Tenn. says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J. B. Thompson, M. D., No. 2 Burroughs place, Cor. Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp, but brightens the hair, gives it life and makes it soft."

Dr. T. A. Moore, Duncan, Ariz., writes of his experience: "My scalp was in places covered by patches of dry, scaly material and the itching was incessant. Since using Herpicide my hair is soft, smooth and growing, my hair is soft, smooth and growing. Hair has grown on spots before but thinly covered."

Newbro's Herpicide is the original remedy to kill the dandruff germ and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.

Herpicide is for sale at Drug Stores and one dollar size bottles are guaranteed. Applications may be obtained at the leading barber shops. Be sure you get genuine Herpicide. Send 1-c in postage for sample and book to the Herpicide Co., Dept. R., Detroit, Mich. W. A. Erman & Son, special agents.

## TOURISTS CAUGHT IN THE ERUPTION

Tokio, Japan, Aug. 15.—More than 30 persons, half of whom are believed to have been foreign tourists, were burned to death on the slopes of Mt. Asamasyama, a usually passive volcano, about 90 miles from here, when it suddenly burst into violent eruption today. The volcano has always been one of the points of interest to tourists and several parties of Europeans were on its slopes at the time of the eruption.

There is a well travelled road extending from the bottom and winding along the sides of the mountain almost to the crater. Parties of tourists were toiling up this road when there came a sudden rumbling followed by a terrific explosion and hundreds of tons of molten lava poured from the top of the mountain and through the many fissures on the sides.

All of the parties lower down on the mountain escaped. Abandoning their effects, they fled in terror and were soon out of harm's way.

Two big parties, however, were nearly at the summit. It is believed they were overwhelmed by the gasous smoke and their bodies incinerated by the burning lava.

The identity of the tourists has not been learned but it is believed they were Europeans.

Kansas City: A "Jouren of Kicks," which Kansas City has established and thinks well of will be exhibited at the international municipal congress and exhibition in Chicago.

## OH! MY SORE FEET

EZO banishes all soreness and agony in no time.

Just one minute to rub on EZO and all pain, burning, aching and swelling will vanish.

Here's a tip that will brighten up that gloomy countenance and put hope into people who are on their feet all day.

A 25 cent jar of the new discovery E Z O will make your feet so good and strong and vigorous that you won't feel a pain or an ache all day long.

Foot misery must go—that's what EZO is for, and people who suffer from painful, weary, wornout, burning feet must have it in order to enjoy life.

EZO is a pleasant refined ointment, so easy to apply, no fussing around getting ready, and it stops the misery at once, and for corns, bunions or callouses it's far ahead of anything on earth today. All druggists, Evans' Drug Store.

## Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as absolutely confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

**HEALTH HINT FOR TODAY.**  
**Food Combinations.**  
Four general principles govern the combination of foods—first, those foods which digest in about the same time should be eaten together; second, foods that are chemically inharmonious should not be eaten together—acid fruits and starches or acids and albuminous foods, for instance; third, foods that are similar by nature should be combined rather than those that differ, as, for instance, animal foods, milk, honey, eggs; prunes, figs, dates; cabbage, lettuce, tomatoes, bread with other cereals; apples, oranges, peaches, grapes; raisins, figs, prunes; fourth, fourteen elements are needed to support life, in proportion varying according to work, temperament, health, climate, etc., and care is needed to avoid taking too much of some, particularly albumen, and not enough of others. The best nutritive results are obtained when a uniform diet is adopted furnishing all the elements in about the same proportion as they are found in the blood.

**A White House Influence.**  
In the haze of scandal that hangs over the Taft administration the form of Charles P. Taft, capitalist, busy multiplying his dollars, is plainly discernible. As the curtain is lifted on each succeeding scene of scandal the president is in evidence, and around him, shaping his course, are men who are the acknowledged agents of those forces that are trying to shape humanity to the dollars.  
When he was elected he inspired in many who are known as "progressive Republicans" the belief that he had made his choice between public and private interests. Perhaps he had. But always before him he must quite naturally see his brother and his brother's wealth. From his nativity, wealth, and its emblems have been the be-all and end-all of the son of plutocracy. He might mean well, but he is surrounded and controlled by greedy men who know exactly what they want, and to whom the public good is the last consideration.  
Therefore it would seem that it matters little what large schemes are promised or prophesied, so long as Mr. Taft sits in the executive chair. The president has as little chance to succeed as the executive of the nation, as a man in any other walk of life might have if he tried to serve two masters.

# BENEFITS OF ONE PER CENT TAX RATE TO THE PEOPLE

It is doubtful whether a bill was ever enacted in Ohio that proved to be of as much benefit to the people, as measure, which was enacted during the 1911 legislative session at the request of Governor Harmon.

For many years salaries in Ohio had been increased, new offices were created, there was extravagance in expenditures of public money, places of profit were increased far beyond the needs of good service. In too many public offices the business was conducted in the interest of machine politics rather than on the basis of how well and economical can the people be served. Money was expended in manners not only clearly illegal, but by poorly organized and, in many cases, corruptly conceived misadministration.

During the past decade the population in Ohio increased 14.5 per cent, the tax duplicate only 3.5 per cent, while the amount of money raised for taxation mounted at the rate of 68 per cent. Here are some figures showing how fast expenditures of the people's money increased:

Total taxes raised in Ohio for 1910	\$71,450,596.88
Total taxes raised in Ohio for 1909	67,423,353.24
Increase	\$4,027,243.64

The more than \$4,000,000 was the average yearly increase in taxation in Ohio. The one per cent tax rate law year under a limitation limiting the can be expended in a year. This was designed to put a stop to the \$4,000,000 annual increase in expenditures of public money.

The bonded indebtedness grew much faster. By starting public improvements, many of which could have been deferred, thousands were added to payrolls and political machines were built up.

The total bonded indebtedness in Ohio in 1909 was \$184,314,231. The total bonded indebtedness in Ohio in 1908 was \$170,179,657.

Increase	\$14,134,574

## Canadians Are Wary.

The Republican argument that a high tariff is needed in this country to maintain "the high American wage" is shown up as a farce, pure and simple, by the presence in several American manufacturing communities of agents of Canadian manufacturers, who are gathering figures to show that Canada cannot afford to have reciprocity with us for the reason that Canada cannot compete against American wages.

The Canadians are beginning to understand how it is that the steel trust can sell steel in Canada for about half the prices charged the American consumer, and still make a profit. They are learning that men work in the steel mills twelve hours a day, and seven days a week for a dollar and a half a day, and it is for the reason that they do not wish to compete against the cheap foreign immigrant and negro labor employed by American trusts that some of the Canadians are urging the defeat of reciprocity.

And yet, the Republican protectionists have argued all these years that the great danger to American labor was the possibility that it might have to enter into competition with the "cheap" labor of other countries. This latest action of the Canadians knocks the last legs from under that ancient contention.

## National Road Building To Be Democratic Policy

Speaker Champ Clark has sounded a high note that promises to throw a nice issue into the next campaign. He is a member of the Lincoln memorial commission, and in that capacity he is advocating the building of a great highway from the national capitol to Gettysburg, "as the nucleus of a great system of national roads, built by the government in co-operation with the states." The majority of the commission favors a marble arch in the city of Washington, which the Speaker says would form a fine meeting place for English sparrows but which would not in any degree fit in with the practical character of the great Lincoln. The Speaker has induced the President to defer action on the memorial until legislation can be passed to permit the building of the Lincoln road. He will then work for the adoption by the government of a national road building policy.

## Competition Or Trusts, Which?

When the Sherman law was passed legislation was directed toward the prohibition or destruction of monopolistic combinations. Roosevelt, Taft, and Wickersham have not the idea of trust dissolution. They advocate instead that the existence of the trusts be recognized and legalized, but that their greed be curbed by government regulation. It remains to be seen whether the majority of the people are willing to confess that the competitive system is obsolete; to abandon a system which affords free rein for individual enterprise, and to establish in its place a centralized government.

## Splendid Record Of the Democratic House in Congress

When the Democratic majority in the House of Representatives assumed their duties at the beginning of the present special session they were confronted with an almost insuperable obstacle to effective public service along the lines deemed essential to good government by the constituencies behind them. The opposing party was in control of the Senate and the Executive. Confronted with this double veto power as to general legislation affecting matters of partisan difference, the House has none the less made a most remarkable record of efficiency.

The Democratic majority first demolished the autocracy of the Speaker-ship and so reformed the rules of procedure as to put the majority in control of itself.

The next step was to pare down House expenditures, despite importunity of office beggars, and the temptations incident to the distribution of spoils.

The next step was as unique as it was important. The almost solid Democratic support given to the Administration reciprocity agreement with Canada was an example without precedent in the past history of Federal politics.

Resisting all efforts at amendment, as endangering the prospect of final ratification, the Democrats of the House approved the pact as agreed upon, sustained the President in opposition to the majority of his own party, and set a memorable example of patriotic disregard for mere partisan advantage.

Whether or not any of the further efforts of the House to lower tariff rates or cut down Federal expenditure shall find necessary statutory approval is uncertain. But there has been a demonstration of what may be expected if the Democratic party shall again be put in control. The inducement to a change of party administration has been made further apparent by the disclosures of maladministration which have followed upon compulsory and authoritative investigations.

In view of the results of the special session the Philadelphia Record remarks that the "taste of Democratic rule afforded by the forceful, prudent and faithful record of the House of Representatives is sure to whet the appetite of the voters of the country for a square meal in 1912."

## Wickersham An Issue.

That Attorney General Wickersham will become a campaign issue by 1912 is regarded as practically certain by those who are looking ahead. Wickersham has permitted Taft to be blotted and be smirched in the Pinchot and other matters. Wickersham was on the side of Ballinger against Pinchot, just as he is at present against Dr. Wiley. Developments at the hearing before the Stanley steel committee, against the United States corporation (trust) contain many fresh evidences that Wickersham exemplified the alliance between the Republican party

and the capitalists and monopolists. The sequence of all this will be that Taft will get many a whack over Wickersham's shoulder.

## NO MORE NOTORIETY OF OUR CITY IN THE MAGAZINES

(Communicated.)  
Editor Advocate: Rarely has there been a time in all the Advocate's history when the paper deserved the commendation of the good citizens of Newark so much as it does now. The appeal to voters to go to the primary election this year in sufficient numbers to save the city from another experience of notorious advertising in the magazines deserves the approval of every citizen. It is made plain that there is no personality in the Advocate's appeal and that the city's best interests are paramount to the personal interest of any one man to whom the city owes nothing. The Advocate's appeal for a large vote at the primaries will not be made in vain. Those interested in Newark's welfare will turn out to the primaries in numbers that have never been witnessed in previous years. But keep up the good fight till every Democratic voter has cast his ballot so that they will come out 3,000 strong. DEMOCRATIC VOTER.

## LABOR DAY PLANS ARE BEING MADE

Plans are rapidly nearing completion for the big Labor Day celebration to be held on the Public Square in this city on the first Monday in September. While the program is not yet completed, enough is shown to guarantee the statement that it will be the biggest Labor Day celebration ever held in Newark.

**Attack Like Tigers.**

## PLAN TO MAKE LICKING CO. FAIR A BIG SUCCESS

The time is rapidly approaching when the annual county fair is to be held. This year the people of the county and of Newark should do what they can to make the fair an exhibition of which we will all be proud. The fair this year is to be held Oct. 3, 4, 5, 6 and 7. These annual exhibitions serve many useful purposes and deserve the encouragement of all classes of citizens. The work of making ready for them devolves upon a few men, who labor faithfully and strenuously for many weeks, often under a load of difficulties that would discourage men less determined, persistent and patriotic. Let Licking county begin now to make the 1911 fair a record breaker.

On the Scotch borderland it is the custom for a bride and groom to give the young men and boys of the community a football to kick around.

## FOOTBALLISTS AND BANKERS WERE ANXIOUS

President Taft, it was learned today will designate Thursday, Nov. 30, as Thanksgiving day this year. It has always been the custom to fix the last Thursday in the month. This year there had been some doubt because November happened to include five instead of four Thursdays. The White House has been besieged by theatrical managers and those in charge of college football games to settle this doubt so that definite arrangements could be made for the usual array of special performances and sports that mark the day.

## SLEEP OF CHILDHOOD.

The way I slept when I was young! My nerves were never then unstrung. I was asleep before my head had fairly touched my downy bed and then I snored a cheerful song, and night seemed but two seconds long. At morning father elbowed the stairs and roused me with clubs and chairs, and pulled me from my humble bed; and then he stood me on my head, and roll d me round upon the floor until I ceased to sleep and snore. And now I am old and sore, the night seems longer than a year. I go to roost and kick and toss, but slumber will not come across, or if it comes I have such dreams I rouse the neighbors with my screams. How often have I walked the floor, and envied youths who calmly snore! How often fallen over chairs, and tumbled down the cellar stairs! How often have I stubbed my toes and backed my shins, and bumped my nose, while roaming in the midnight gloom about my sleepless sleeping room! How happy are the drowsy boys! Of all the boons that youth enjoys, this trick of climbing into bed and sleeping like the sheeted dead is first and best, and old, tired men can never have it back again.

Figures just made public by the Census bureau for 1909 show that 4,483,000 more bugs were killed for food than all other animals combined including beavers, calves, sheep, and goats, kids, etc.

## Keep Baby Healthy in Summer

It is easier to keep some children in health in winter than in summer. And yet it is very important that the child should be strong and well during the hot weather. In the first place, a very little ill is liable to develop into a large one in summer because of the germs in milk, water and many kinds of food. You should be especially careful not to allow your children to become irregular in their stools during the heated term. The best relief you can give it, and the surest permanent cure, is Dr. Caldwell's Syrup Pepsin, the guaranteed laxative- tonic. It is exactly suited to the needs of children because it is gentle and mild in action, absolutely pure and free from narcotics, pleasant to take, and yet does its work promptly and efficiently. Thousands of mothers keep it constantly in the house against emergencies, and as a bottle costs only 50 cents or \$1.00, and can be conveniently obtained of any druggist, no family should be without it. If you are one who has never tried Dr. Caldwell's Syrup Pepsin and would like to do so before buying it in the regular way, you can obtain a FREE BOTTLE by sending your address to

## MAINE CONGRESSMAN DEMANDS PORTER SERVICE ON TRAIN

New London, Conn., Aug. 15.—The right of a railroad passenger to ordinary porter service will be fought for to a finish by Congressman O. J. McGillicuddy of Maine, who was placed under arrest here for refusing to give up his Boston to Washington ticket after he had tried vainly to get a porter to make up his stateroom.

Congressman McGillicuddy declined to show his ticket until he had received the service he demanded. He said he saw nothing more of conductor or porter until the train reached this city last night when he was placed under arrest by a railroad agent and turned over to the police.

By arrangement with the police court judge, the case went over for a week and Congressman McGillicuddy left for New York. He retained Attorney R. P. Freeman Jr., and announced today that he would fight to the limit.

## ADORN THE HOUSE.

You can adorn your house with some really beautiful pictures at absolutely no expense except the cost of framing, by sending the Hewitt Brothers Soap Company of Dayton, Ohio, a two-cent stamp and twenty-five wrappers from Hewitt's Easy Task Soap.

Hewitt's Easy Task Soap is the original white laundry soap, which has given satisfaction for upwards of a quarter of a century.

## Chicago Zionists Remain Independent

Basle, Switzerland, Aug. 15.—American delegates to the Zionist congress, who brought about the recognition of the insurgent organization, the Knights of Zion of Chicago, in the congress state today that the placing of this order in good standing will have a far reaching effect in giving impetus to the Zionist movement in the United States. The Chicago organization will remain independent of the American federation but will carry on kindred work.

The retirement of David Wolfsohn as president of the congress, it is asserted, will give opportunity for more rapid growth. In that henceforth the Zionist movement will be managed by a college of seven members. Many changes in the rules and methods of the organization will be undertaken.

## Two Boys Meet Death Beneath the Water

Cleveland, O., Aug. 15.—Herbert Weber, 10, was drowned in Rocky river late yesterday, while a boy companion, unable to swim tried in vain to reach a helping hand while clinging with the other hand to their upturned boat.

Fremont, O., Aug. 15.—William Albrecht, aged 16, of Canton, was seized with cramps while bathing in the Sandusky river here yesterday and was drowned.

## JAP ROSE SOAP (TRANSPARENT)

You need not use a laundry soap in your bath. The cost of Jap Rose, the perfect bath soap, is within your reach; the cake is large.

It is made from the purest vegetable oils, scented with the essence of natural flowers.

Sold by dealers everywhere.

REFUSE IMITATIONS. Look for the Jap Girl on every package.

## OBITUARY

### MRS. VICTORIA TAYLOR.

The many friends of Mrs. Victoria Taylor will regret to learn of her death, which occurred at her home, 158 North Fifth street, early Monday morning. The deceased was the oldest daughter of the late Hon. Daniel Van Voorhis and Jane Van Voorhis, and was born at Nashport, Muskingum county, O., Feb. 5, 1839. She was married to Thomas M. Taylor Sept. 8, 1860. The first three years of their married life were spent in Newark. They then moved to the farm, three miles south of the city, where they lived for 40 years. At the end of this time they returned to Newark, moving to the home on North Fifth street. The two lived to celebrate the 50th anniversary of their marriage at the family residence, Sept. 6, 1910. The husband, Thomas M. Taylor, died Feb. 12, 1911. Their children are Mrs. Jennie W. Stewart, Arthur E. Taylor, Theodore Taylor, Mrs. E. L. Stewart, Mrs. E. S. Randolph, Fulton Z. Taylor and Mrs. G. W. Chism, all of this city or immediate vicinity. A son, Stanley, the youngest of the family, died in 1898, aged 19 years.

Besides the above children, she leaves the following brothers and sisters: Samuel F. Van Voorhis of this city, Mrs. N. C. Fleming of Hanover, Mrs. J. G. Stump of Dresden, Fuller Van Voorhis and Hon. H. C. Van Voorhis of Zanesville.

The deceased was a woman of strong character, commanding the love and respect of her large family and that of her neighbors and friends. The length of her life was not measured by years, but by her labors for her family and her many deeds of kindness toward those who called her friend.

Until her last illness she possessed a rugged constitution; she had a strong will, was patient to endure pain and affliction and possessed a quiet faith in the Divine One. Her self-sacrificing devotion to her family was beautiful. She was a faithful member of the First Presbyterian church of Newark.

The funeral services will take place Wednesday afternoon at two o'clock at the late residence, 158 N. Fifth street, conducted by the Rev. F. E. Vernon. Interment in Cedar Hill cemetery.

## SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped.

There is one place where bald-headed men shine, and that is in the front row seats of the theatre. If these baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at 50 cents a bottle, and is recommended and sold by all druggists.

## JOHN R. MALLOY DIES IN COLUMBUS

Columbus, O., Aug. 15.—John R. Malloy, 55, for thirty years one of the most prominent figures in Ohio public life, died last night at his home on Franklin avenue. He was a friend and in the intimate counsels of presidents and president makers, and of every prominent Republican and most of the leading Democrats of Ohio in that time. His friendships reached into every state, through official connection with four Republican national conventions.

He suffered for two years with Bright's disease and other troubles. About a month ago he was removed to Battle Creek, Mich., for treatment. His condition became alarming and he was brought home.

Although friends have known for weeks that there was no hope for his recovery, the end was sudden. He enjoyed an unusually good day. After supper he was seized with violent vomiting, he went to bed to rest and died without pain in fifteen minutes.

Malloy was a native of New Haven, Conn., but came to Ohio at 16 and was educated in the State Soldiers' Orphan's school at Xenia. He was appointed from there as a page in the constitutional convention of 1873-4.

Morrison R. White, later chief justice of the United States, made the appointment. He was assistant clerk of the house in three legislatures and clerk in three others. For several years in the '80s he was Columbus correspondent for the Cincinnati Enquirer.

He served one term as president of the board of pardons and was for six years state oil inspector, the highest plum in the political garden. He was clerk of the last state senate, when his health broke.

BOYS DRIVE MAN TO SUICIDE.

San Francisco, Aug. 15.—The reason Matheis Belzoid, a retired banker, aged 79, committed suicide here yesterday, relatives told the police, was that he was driven temporarily insane for fear of missiles hurled into his yard and against his house by boys in the Juvenile Detention Home next door. The aged widow, partially paralyzed, found Belzoid's lifeless body.

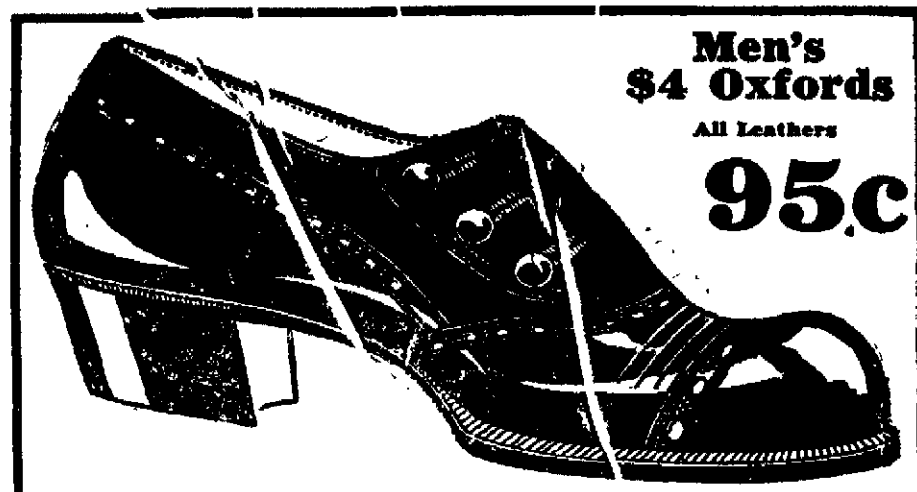

Fear will cause a woman to change color. So will a little rouge.

# Daddy's Bedtime Story—

The Mouse  
Colored Lover  
Of Darkness

"It's a bat!" shouted Jack eagerly. "Kill it, kill it! It bites!" Evelyn shrieked for daddy.

"You sillies," exclaimed the latter. He put out the light, opened the screen on one of the windows and drove the bat toward it. Finally the frightened creature fled out into the night.

"The poor bat was more frightened than you were," daddy declared, laughing as he closed the window. "Just fancy how it must have felt straying into a strange dazzling place like this, where no matter which way it flew it struck its poor head against a wall. Bats can't see in the light, you know. I am sorry that you do not feel more friendly to the useful bat, who is the enemy of mosquitoes and many harmful insects as well as the mice that destroy the grain in the fields and in our barns."

"This one, I fancy, has a home somewhere about here. I have seen a couple of bats flying about at twilight, and I suspect it is in that hollow chestnut tree in the vacant lot across the way."

"Do bats build nests? Well, no; but they make their homes in hollow trees, in barns and in vacant buildings. If you could see inside the hollow tree no doubt there would at this season be young ones clinging to the mother's fur and hanging head downward just as she does. When their claws grow they will sink them into the tree and support themselves. Baby bats are born blind like kittens, and at first are fed with milk by the mother instead of with insects and mice. When they are old enough they will be taught to fly and catch insects for themselves. While they are young the mother makes a cradle for them of her wings. Bats cannot see well by day, so begin to fly about like owls only when it gets dark."

"In some respects bats are very particular about their toilets. They are said to spend much time combing themselves with the claws of their hind feet. They part their hair very carefully in the middle and along their backs."

"A naturalist who kept a bat in a cage of wire netting and fed it with flies said it would eat fifty or eighty flies in a day. As to mosquitoes and other insects he kept no record. If bats could be tamed and kept neat, no doubt they would be much more useful than sticky fly paper or any such nasty contrivances, but so far no ingenious Yankee has been able to put them to work."

"No, Jackie, bats are not birds; they are animals—about the only animals that have wings. They might be called winged cats, for they are related to the feline pussy, although there is little friendship between the two races."

The first concert of the normal was given last evening at the Second Presbyterian church before a large audience.

Charles Fuller of the firm of Miller & Fuller, druggists, has gone to Rochester, N. Y.

Hon. James W. Owens of Licking county, and Hon. Clark Irvine of Knox county, were nominated for Common Pleas Judges yesterday at the Judicial convention at Hartford.

Doan's Kidney Pills go right at it; reach the cause; relieve the pain. They cure, too, so Newark people say.

Mrs. C. Burman, 65 South Fourth street, Newark, O., says: "Severe backaches and pains through my sides convinced me that I had kidney trouble. I consulted doctors and used remedies of various kinds, but it did not improve. In 1906 I heard about Doan's Kidney Pills and began taking them. The contents of two boxes restored me to good health and since then I have always kept a supply of this remedy in the house. Other members of my family have used Doan's Kidney Pills successfully and join me in recommending them."

# THE RACE A GOOD ONE

The State Fair Boys' Fighting—Governor Harmon Will Visit Their Camp.

Fifteen hundred ambitious boys coming down the home stretch is the best way to describe the great boys' race for the free trip to the Ohio State Fair. The old folks, preachers, teachers, politicians, granges, Sunday schools, christians and sinners are becoming involved in some counties. Even congressmen and federal officials at Washington are writing letters for their favorites. Some of the boy candidates are inducing their fathers to trade votes at the coming primary elections to nominate township officers, in order to secure votes for the State Fair trip. Some of the boys are making a quiet but effective canvass by personal visits and writing letters.

Every boy has an equal chance. Entries are open until 10 o'clock Saturday, Aug. 19, at which time all applications must be in the hands of the president of the board of county commissioners, or if he is not in his office, to be left with the county auditor. The presidents of all independent farmer institutions, regular farmer picnics, pioneer picnics, county corn improvement associations, county poultry associations, county horticultural associations are included in the meaning of "all other county agricultural organizations," as prescribed by the rules. It costs the boy nothing to try. Good care will be taken of him. Governor Harmon will visit the Boys' Model Camp, which will be near the National Guard Camp on the grounds. No voting by proxy will be allowed. The boys must get their friends to attend and vote in person. No person can cast more than one vote. Hundreds of letters are being received asking that the rules be changed. This is useless. Some letters come unsigned and badly written. Two alternatives are to be chosen who will come in turn if the boy ahead of him can't come. Letters addressed to the boys in care of the Boys' Camp, State Fair Grounds, will be promptly delivered to them.

## THE LADIES' STATE FAIR.

Monday, Aug. 25, will be Ladies' Free Day at the Big Fair. Hundreds will come and stay for several days after that. The increased premiums for exhibits in the Woman's Building will make that vast hall a fairyland this year. It will be decorated and ornamented as never before. The ladies will find a thousand things to please and instruct them. The Art Hall will contain art treasures never before seen upon a fair ground in Ohio. Many of the city artists will compete this year. The entries indicate that the display of china painting will excel in both quantity and quality.

## THE STATE EXHIBITS

Almost every State Department will let the people see what part of the state work it is doing. These exhibits will be instructive. They will be attractive. Citizens can gain some idea for what purposes the public money is expended. The State veterinarian, the Nursery and Orchard Inspector, and the Department of Agriculture in general will be shown along with other exhibits. The federal government at Washington will co-operate with the State Highway Commissioner in making one of the most unique and interesting exhibits. This will be the first time the government has participated in a state fair. All Ohio congressmen and senators joined in the request for Uncle Sam to do this.

# GRANVILLE

Granville, O., August 15.—That was a fine rain Monday night, but while it did some good to the growing crops it was but a drop in the bucket compared to what is needed. A prominent farmer of this vicinity in speaking of the rain, said that unless there is an abundance of rain, and that in the near future, that the corn crop will suffer greatly. Crops throughout this section have suffered this summer from the drought to a large extent. Potatoes, tomatoes, and other vegetables have suffered and many have been practically burned up. The shortage in practically all crops has already sent prices soaring and it is likely that they will go still higher unless there is cooler weather and

# ALL RECORDS BROKEN

State Fair Outgrows the Grounds. Overflow Exhibits in All Departments.

All classes of citizens seem to have united to make the State Fair of 1911 a record breaker. Every department has made a new mark. Entries closed last week, Saturday, with overflow exhibits. The State Fair has absolutely outgrown its grounds. Space entries were refused from necessity. For the first time in the history of the Fair rooms and offices outside of the State House had to be secured to accommodate the large force of clerks necessary to keep up with the increased volume of business incident to the growth of Ohio's great industrial exposition.

Exhibitors have come to realize that prospective buyers would rather purchase from those who are not afraid to show in competition with business competitors.

The State Fair managers are gratified at the great interest shown by many persons who have not heretofore been active and open in boosting the Fair. The farmers have always been patrons of the fair, but this year the grain dealers, millers, bankers, teachers, granges, church workers and many others are unusually active. Railroads will make greater efforts to accommodate their passengers than heretofore. Some railroads are sending out thousands of letters and circulars urging citizens along their line to attend and are scheduling trains for the express convenience of State Fair visitors.

## LIVE STOCK SHOW.

There is new life and ambition among Ohio and middle west breeders. The ribbons taken in the Columbus Show Ring have a greater value than those won elsewhere. The ambitious owner of a good animal is conscious of the fact that if he wins at the Ohio State Fair he has established his standing as a breeder and can obtain good prices. It is this enviable position which Ohio has won that has made our capital city the undisputed Battle Ground of the Breeds.

The foremost breeders of many states have entered and the battle will be fought to the finish. The best judges in the United States will award the premiums.

## GAINING CONFIDENCE.

The State Fair is growing in favor and gaining the confidence of the best citizens. Men prominent in financial circles, industrial enterprises, railroad managers, trades and professions are lending a helping hand to a good cause. The strength and real wealth of the state and nation must come out of the ground. Every person who wants the world to become better, and methods improved ought to see the State Fair.

## THE CITIES ARE TAKING NOTICE

With an increased population and a decreased food production and the higher cost of living going higher, the cities are taking notice of the importance of agriculture. The farmer will have sufficient unto himself, while those in the city may be in want and hunger if the farm fails to produce enough garden sassa to go round. Out on the farm there will be taters in the cellar, meat in the smoke-house, eggs in the nest and milk in the picher, when some of the cupboards in the great city will be like Old Mother Hubbard's—not even a bone. Those who live in cities can well afford to attend and support the State Fair and all other occasions that tend to help the cause of agriculture.

considerable rain to bring the output nearer the normal yield.

The Pythian sisters will meet in regular session Tuesday evening. Among other important business to be transacted will be the making of arrangements for attending the big Knights of Pythias and Pythian sister picnic to be held at the beautiful Cat Run on Wednesday, August 23. On this occasion free transportation will be provided for members and their families who have no conveyances of their own. A fine program has been prepared and a day brimming over with good healthy enjoyment will be afforded all who attend. The committee in charge wish it understood that the public in general, is invited. An invitation has been extended to all the surrounding lodges.

A. J. Tannehill returned Monday evening from Rebersville, O., where he has been at the bedside of his mother, who has been seriously ill for some time.

The general impression among the good citizens of Granville regarding the political situation here is that we must have good and efficient men at the head of the town government, and there seems to be a disposition to pick out the best men that have been nominated, irrespective of party. First, they are asking what are the qualifications of the candidate seeking election to office. This should be the first thing taken into consideration by voters. Of paramount importance, too, is the question as to the availability of a candidate. If he lacks the qualifications essential to being a successful candidate why elect him. That is the main point to be considered.

Horace Hughes, a well known young man residing a short distance northwest of the village, celebrated the seventeenth anniversary of his birth at his home Monday. In honor of the anniversary some fifteen or twenty of his young friends were present and assisted him in properly celebrating the event. The afternoon was spent in different games and in having a good time generally. The diversions of the

afternoon were seasoned with choice refreshments.

Henry Morgan, while engaged in loading a log on a wagon, got the cant hook fast in one of his feet, badly tearing the flesh. Luckily no bones were broken.

The ten inch water well being drilled for the village water works plant, is nearly 100 feet deep, with considerable water in the hole. It is proposed to continue the work of drilling in the hope of securing a better and stronger vein of water.

Mrs. Gardner, widow of the late B. F. Gardner, and one of the best known and most highly respected women of Granville, died at the home of the Misses Gustin, where she had made her home, at an early hour Monday morning. The deceased had been an invalid for several years. The funeral services were held Tuesday afternoon conducted by the Rev. Dr. Baldwin, pastor of the Baptist church, and the interment was made in Maple Grove cemetery.

Mr. and Mrs. William Bodine of Kenton, Ohio, are visiting in the village, the guests of Mrs. Bodine's sister, Miss Laura Boyles. Mr. Bodine formerly lived in Newark.

Mrs. C. L. Herriek and daughter, Miss Laura Herriek, left this morning for a trip to Duluth, Minn., via the lake. They expect to be gone for some time.

Rev. and Mrs. J. S. West, of Bucyrus, have been spending some time in Granville. Mr. West is a graduate of Denison university, of the class of 1904, and has accepted a pastorate in California where he expects to remove in a short time.

The Newark ball games are liberally patronized by Granville people. Scarcely a day passes when there is a game but twenty or thirty enthusiastic fans go down to root for Newark.

David Rees, who has been taking summer work at Denison, is spending a week with friends at Dresden.

Cleveland Hall of Denison University is soon to be equipped with modern, up-to-date bowling alleys. This is something that has been needed in the college athletic department for a long time. It is expected that the alleys will be installed yet this fall. The appropriation has been made and the alleys are assured.

The regular meeting of Myrtle lodge of Odd Fellows was held Monday night. There was a good attendance of the members and considerable business of importance was transacted.

Mr. I. N. McLaughlin who has been making his home in the property belonging to the Rev. D. J. Smith, of Broadway, has purchased property in Oberlin, and will move to that place about the first of September.

Miss Nellie Friedman, of Mansfield, who has been visiting at the home of Mr. and Mrs. C. F. Davis, north of town for the past week, has returned home, after having had a delightful visit.

Quite a number of Granville people are spending the season at the lake resorts.

# ORGANIZATION AND CONCENTRATION

"The aggregate Life Insurance premiums received in Ohio were 29,430,036.51; Losses incurred, \$9,556,060.00; Losses paid, \$9,840,542.00." Charles C. Lemert, Superintendent of Insurance

To prove the business building power of the great fighting Insurance organization it has wrought, The Ohio National Life Insurance Company, in the dullest, hottest month of many years—July—produced \$557,000, over Half a million of Life Insurance, and 736 (over \$350,000) Health and Accident policies.

Farmers were busy with harvests, city people were away on vacations, business men were relaxed; so that this remarkable record must be analyzed to be appreciated.

The Ohio National Life Insurance Company, with its ample capital and big cash surplus, has driven its organization into practically every community in the state against the most determined opposition and entrenched prejudice in certain localities.

It has now TWO THOUSAND NINE HUNDRED AND EIGHTY-FOUR shareholders; an army greater than Uncle Sam uses in the Philippines—bankers, doctors, farmers and lawyers, teachers and business men.

Its Old Guard representatives are everywhere crystalizing the loyalty of the shareholders and turning into dollars the vast personal Influence of these worth-while people.

Insurance is the biggest cash business in the State.

Think—More than \$29,000,000.00, half again as much as the United States paid for the Philippine Islands, are collected in cash premiums every year.

Think—Of the \$29,430,036.51 collected in Ohio in 1909 \$82,822,133.85 went to companies of other States.

Think—New business written in 1909 (last official report) amounted to the enormous total of \$137,738,434.00, equal to the total gross bank deposits of Cincinnati.

## Wage Earners' Pensions

The Ohio National protects wornout toilers. Its pension policies drive away the spectre—Want.

With a Wage Earner's Pension you can welcome the day that age says "Quit."

WHEN THE PAY ENVELOPE STOPS—WE BEGIN.

A Pittance buys Protection from Penury. Annuities of one hundred to five hundred dollars are paid in periodical installments. Enough for simple wants at a price all can pay. This department—one of the most beneficial features in Insurance—will co-operate with employers or deal with individuals, and will solve the problem of what to do with those faithful workers who have earned rest but have not the means to take it.

REMEMBER—WHEN THE PAY ENVELOPE STOPS WE BEGIN.

## MESH BAGS

The popularity of the silver mesh bag or chain purse seems to grow greater each season and they are mighty good looking as well as very useful. Every Newark woman will be interested in seeing the handsome line just in at Haynes Bros., Jewelry Store at 8 North Park Place. Among them is one design that they are making a great special at \$5.00. It is of solid German silver and is surely an exceptionally good value at the money. There are dozens of others ranging in price from \$2.00 up to \$13.50. They are made good and strong and nicely lined with white kid, making a substantial as well as very handsome bag. 15-7-19

## BUTTER KRUST

DROPS FROM A BALLOON THROUGH ROOF OF HOTEL

Atlantic City, Aug. 15.—Hundreds of patrons seated at dinner in the magnificent dining room of the Marlborough-Blenheim early last evening, were suddenly startled by a terrific crash above them. The next instant the form of a man, dragging with it the twisted ropes and snarl sheet of a parachute fell with great force on top of one of the tables, at which a party of men and women were seated. The diners staggered from their seats and fled as the injured man rolled off the table and lay unconscious on the floor. He was Charles Bennett, aeronaut, whose balloon was caught by a stiff breeze and carried over the hotel. He narrowly missed several spires as the big bag was whisked along. In some manner he fell as he was over the plate glass roof of the dining room, crashing through this he fell 25 feet among the diners. He cannot live, physicians say.

## SOLDIERS WILL HOLD REUNION AT BLACK HAND

All arrangements are complete for the soldiers' reunion to be held at Black Hand on Thursday of this week. This reunion is always attended by a large number of old soldiers and their friends from Licking and Muskingum counties, and the attendance sometimes runs as high as 10,000. These reunions have been held annually for more than a quarter of a century, and but three veterans of the 20 or so that instituted the reunion remain to celebrate this year. Thomas Wickham, aged 68; D. T. Francis, aged 68; and Wm. Creeks, aged 74, are the men. They all reside at Black Hand. Many notable men have promised to be present at the coming reunion and deliver addresses.

**\$100 REWARD.** The police of this city will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The cure is so simple, so safe, so effective, and so powerful that it cures in less than one month. Send for free copy of this cure. Address: E. J. CURENEY & CO., Toledo, O.

**ATWOOD**

(Continued from Page 1.)

southwest, a lone speck in the clouds, he made directly for the down town district and for a time hovered until noticed in the distance over the skyscrapers.

Appears as a Stranger.

Thousands of people were crowded at the lake front, watching the flights of the aeroplanes competing in the aviation contests. Atwood appeared on the scene as a stranger, unheralded and expected only by a few.

Suddenly the crowd noticed the oncoming stranger and a voice shouted, "That's Atwood from St. Louis." Immediately the vast assembly was in an uproar. Two or three of the airmen sailed out to meet him.

Coming steadily onward, Atwood steered over the aviation field and circled around it, while several of the machines listed in the meet followed as an escort. Once around, Atwood descended gracefully, touching the ground for the first time since his stop at Pontiac, Ill., 91 miles from Chicago.

Originally setting 10 days as the maximum time for completing the 1460 miles to Boston, Atwood believes by the pace he set yesterday that he will be able materially to reduce that time. He had expected not to be able to reach Chicago before today, but favorable weather and the excellent working condition of his machine induced him to shorten his stops.

**Falls to Stop at Bloomington.**

The first stop, which was made at Springfield, 98 miles from St. Louis, after a flight of 2 hours and 25 minutes, was to fulfill a promise. Instead of remaining there until 3 p. m., however, he got away two hours earlier. He was scheduled to stop at Bloomington, Ill., but the crowds assembled at his proposed landing place there were so dense he could not find clear space enough to land in safety, so he swept low and nodding his head negatively at the people, continued. At Pontiac he descended to replenish his gasoline and lubricating oil.

All that was suffered by the man who thus shot through the air at a speed greater than that of an express train was a slight buzz in his ears, caused by the chugging of his machine. Landed on his feet, he was as clam as though he were merely a spectator, who had dropped to watch the other aeroplanes.

This afternoon Atwood will resume his journey eastward. Atwood will start out over the water and will travel across the lower end of Lake Michigan into Indiana.

According to the present program, Atwood will ascend in the Grant Park aerodrome this afternoon, just before the beginning of the aviation meet, fly about the city, and then start for Elkhart.

"My flight up from St. Louis was almost uneventful, so easy and smooth was it," said Atwood today. "My Burgess-Wright came through without a mishap. Why, I didn't even have to open my tool kit. I had her throttle down to half speed all the way and she behaved like a dream. I came through two rainstorms, which soaked me thoroughly, but the fast flying soon dried me out. I had time to swoop down over every town, wave to the people, get the name of the town from the depot signboards and compare them with my route map. I ate a couple of chicken sandwiches aloft and felt refreshed. I wasn't tired a bit, although I felt pretty deaf from the constant humming of the motor in my ears.

"There was only one dangerous period to my whole flight and that was when I went flitting above the city of St. Louis at a height of only 500 feet. If anything had happened to my motor I would have been killed. That was foolhardy and I shall fly higher in future when I pass over cities."

Atwood carries his baggage with him in a suit case. He will receive many thousand dollars for the trip in addition to the original offer of \$10,000. He was given \$2500 by the St. Louis Post.

Cincinnati: Impelled by what he calls a "fool notion," Frank Ruwe, 16, confessed to the police that he set fire to six buildings in the factory center of the city.

## TRUSTY SAVES BOY'S LIFE AND GETS HIS FREEDOM AND \$50

Springfield, O., Aug. 15.—Seeking other opportunities to play the hero, Robert Miller, a negro trusty at the city prison, stepped forth to freedom last night, his sentence and fine remitted and \$50 in greenbacks reposing snugly in his trousers' pocket. Miller won his freedom and toll by saving John Dalie, the young son of the local manager of the John W. Bookwalter interests, from drowning in Buck creek yesterday afternoon.

Young Dalie was sailing a toy boat and got beyond his depth trying to recover the toy. His cries for help brought Miller, who was working nearby, to his rescue. The negro dove into the creek from the bank and swam to the lad, bringing him to shore. He then went back to work and the boy went home.

Yesterday evening when Police Judge Miller heard of the incident he ordered the release of Miller. Just as the trusty was being told of his good fortune by Turnkey Lamar, Dalie, father of the lad he had rescued, came into the prison, asked for Miller and handed him \$50.

## FRECKLE-FACE

New Remedy That Removes Freckles or Costs Nothing.

Here's a chance, Miss Freckle-Face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of ointment—double strength, from W. A. Erman & Son, and one night's treatment will show you how easy it is to rid yourself forever of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask W. A. Erman & Son for the double strength ointment as this is the only prescription sold under guarantee of money back if it fails to remove freckles.

Local Store Placed in Hands of Manager Slaughterhaupt by Sheriff Slabaugh.

Sheriff Frank Slabaugh Tuesday morning received a certified copy of the entry in which Sidney N. Weitz, of Cleveland, was appointed receiver in bankruptcy of the Citizens' 5, 10 and 25c Company, showing that he had authority to make an appraisal of the stores and continue business until a trustee is appointed. Sheriff Slabaugh upon receiving such certified information, immediately turned the keys of the local store over to Mr. E. H. Slaughterhaupt, the manager, who has been designated by the receiver to superintend the local store. It will be remembered that Sheriff Slabaugh closed the store here on Friday of last week, under an attachment filed by William Elliott, through his attorney, Andrew H. Mitchell.

Mr. Slaughterhaupt, upon being handed the keys at once opened the store, telephoned the saleswomen to report immediately and soon business was being transacted at the store as usual.

### TAKE A REST.

If women would take a few minutes' rest every once in a while during the day they could get lots more work done. It's the constant strain that makes a woman tired before the day is over. Maybe you think you can't take time to rest—if you will use Hewitt's Easy Task soap in the kitchen and laundry you'll have plenty of time. It does half the work itself and doesn't eat into the clothes like many common soaps do. Just say Easy Task to your grocer—he'll know.

## RACE FOR DIVORCE ACROSS CONTINENT

New York, Aug. 15.—Speeding across the continent on the overland limited, Mrs. Oscar A. Turner is believed to be "on her way to Reno," unaware that her husband, the copper magnate, has already instituted divorce proceedings against her, claiming Ely, Nev., as his legal residence.

At the Waldorf it was said Mrs. Turner started for Reno on Saturday. She will not arrive there until Wednesday morning. To contest her husband's action, Mrs. Turner will have to appear in the Ely courts. It is believed she will file a cross-complaint repeating the charge made here that Turner has a "soul mate."

### MOSQUITOES BAD THIS YEAR

But don't scratch the poisoned skin.

Use a mild, cooling, healing compound that stops the itch instantly, draws out the poison in the skin and protects it against further trouble.

Just a mild cleansing wash of oil of wintergreen, thymol and a few other ingredients known as the D.D.D. Prescription (so famous in cases of Eczema) and you have mosquito protection for the season.

Yes, instant relief—now only 25c. F. D. Hall, 10 North Park.

### PEN POPULATION LOW.

Whether moral conditions or the state are undergoing a secret process of improvement or the majority of criminals and law-breakers are behind the bars, is a problem for conjecture, but, as a matter of fact, the Ohio penitentiary has a smaller population at the present time than it has had for many years.

According to figures given out recently, the population of the penitentiary is 1599. Of this number, 32 are women, which is below the average number in the female department.

## To The Women

Some women are just a trifle timid about going to a bank to transact business. And why? Simply because they are not familiar with the rules of banking. This shouldn't be so, and, indeed, this isn't so with those who come to this bank, for we aim to make every transaction so clear and so plain, that dealing with a bank soon becomes to them an easy habit.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this an invitation to become one.
